BIRTHDAY PARTIES

A Number Held Here for
Japan's Ruler

Notable Receptions at the Japa-
nese Consulate—Mikado's Sub-
jects Entertain Friends.

The Japanese residents of Honolulu
celebrated their greatest national holi-
day—the birthday of their beloved Em-
peror—in a right royal manner yester-
day.

No sooner did daylight make itself
apparent than the colors of the Empire
began to show up on all sides, and
crowds of the little people bustled them-
selves in an endeavor to outdo each
other in elaborate bows and studied
politeness.

At the Consulate between the hours
of 10 and 12 in the forenoon a very
large number of Japanese, including
scholars of the Kindergarten and
schools, were present at a reception
held by Consul Miki Saito and his
charming wife, while during the after-
noon, between the hours of 4 and 6
o'clock, a number of foreigners called
to present their congratulations
through his representative to His Im-
perial Majesty the Emperor.

The grounds were decorated with strings of
Japanese lanterns and the national red
and white artistically draped. The large
reception room on the left of the main
hall was nicely decorated with num-
erous specimens of the national flower
—the chrysanthemum—growing in ar-
tistic vases, while scattered about were
various other vases containing flow-
ers both real and artificial. The Gov-
ernment band was in attendance
throughout, and was also engaged at
another reception at the Japanese Hos-
pital on Liliha street in celebration of
its third anniversary.

During the day services were held in
the Japanese Methodist Episcopal
Church by the Rev. H. Kihara, at
which special prayers for the Emperor
and Empress were offered. Afterwards
a picnic, at which about 200 people
were present including many foreign
ladies and about twenty members of
the Alea branch of the mission, was
held at Moanalua, at which a program
of field sports was followed by general
feasting and singing by the children of
the mission under Mrs. Takahashi,
wife of Assistant Pastor Takahashi,
who, with Rev. Tokimasa, saw that all
present enjoyed themselves to the full-
est extent.

In the evening from 7 to 10 o'clock at
the Japanese Hall on Nuuanu street a
public celebration was held, at which
were given a number of addresses in-
terspersed with musical numbers and
refreshments. The band was also in
attendance here and completed one of
the hardest day's work accomplished
since its organization.

The invitations to the reception held
at the Consulate between the hours of
4 and 6 in the afternoon were respon-
ded to by several hundred people, in-
cluding the leading society folk of the
city. The Government officials called
almost to a man, accompanied by their
ladies. The Consul and Mrs. Saito
were assisted by Mrs. M. M. Scott, the
Misses Scott, Miss S. Carter and a num-
ber of others. Most of the callers came
in carriages, and for two hours there
were processions of vehicles up and
down Nuuanu avenue. Refreshments
were served to all. The guests includ-
ed a representative delegation of offi-
cers from the United States Army
transported now in harbor. On the lawn
in front of the Consulate was the Gov-
ernment band under the direction of
Captain Berger. The lawn at the rear
of the building was dressed for a prom-
enade and was very pretty.

SIR THOMAS AND DE LA W.

The Senator Presides at a Dinner in
Honor of the Yacht Owner.

NEW YORK, Oct. 24.—An informal
luncheon in honor of Sir Thomas Lip-
ton, owner of the Shamrock, was given
today in the rooms of the Transportation
Club in the Manhattan Hotel. A
number of railway and steamboat
transportation officers were present.
Senator Depew, president of the club,
received the guest. The Senator in an
address said:

"No man has contributed so much
to the speed of England and so much
to exaltation this country as Sir Thom-
as. He wanted that cup. We stop-
ped twisting the lion's tail a year ago
and this year we had to stick pins in
the eagle. The result has been satis-
factory to the eagle.

"It is the sporting spirit in its best
sense that carries England's flag and
the spirit of England over the world,
and it is the sporting spirit in its best
form that carries our flag to the other
side of the world. The same feeling
that stirred us when we received the
news of the battle of San Juan stirred
us three or four days ago, when we
received news of the fighting in the
Transvaal."

In reply Sir Thomas said he was
deeply moved by the sincere greeting
extended him.
"I have been asked," said Sir Thom-
as, "if I would challenge again. Un-
fortunately, Mr. Fife, the designer of
the Shamrock, has been sick and we
have not had the benefit of his advice
during the whole series of races. After
the last race he was too ill to be told,
although I suppose he knows now.
Gentlemen, I am prepared to make an-
other challenge when Mr. Fife regains
his health and I can discuss the matter
with him."

NAVAL CONSTRUCTION.

NEW YORK, Oct. 25.—A special to
the Herald from Washington says:
Secretary Long will make a recom-
mendation for but a limited increase of
the new navy in his forthcoming an-
nual report.

It is his intention to especially de-
vise his pen to urging the abolition of
the limit of cost now imposed upon ar-
mor purchased by the Government and
to ask for sufficient appropriations to
enable the Department to procure
Krupp armor for the battleships of the
Maine class and projected battleships
and armored cruisers.

The three battleships and three ar-
mored cruisers authorized by the last
Congress have not yet been laid down,
the law prohibiting the awarding of
contracts for their hull and machinery
in advance of the contracts for armor.
Yet the Secretary believes that an in-
crease, however small, should be made
during the coming season. It can be
stated that he will certainly not rec-
ommend the authorization of more
than three protected cruisers of the
Olympia class and he may determine to
recommend in their stead that Con-
gress authorize several small sheathed
cruisers and gunboats capable of doing
effective work in the Philippines.

A coal famine is threatening Chica-
go. It is short 500,000 tons, as com-
pared with last year, of anthracite
coal, while the supply of bituminous
coal is so limited as to occasion a
sharp advance in price and much ap-
prehension. Chicago burns from 1200
to 1500 carloads of soft coal daily, and
no wonder the people are alarmed at
the shortage now that winter is so
near, for when it is cold in Chicago it
is cold sure enough. The ships on the
lakes have been so rushed in trans-
porting iron ore that they have neg-
lected the coal business.

PHOTOGRAPHIC PORTRAITS

Christmas is Drawing Nigh!

Portraits of children, are, as a rule,
unsatisfactory to parents. They are
accustomed to watching the children
in their every attitude, with life's
lights and shades playing over each
tiny feature. How often will a father
draw his wife's attention to an ex-
pression on their little one's face, that
the world's painters have never por-
trayed! When a portrait is taken,
however, how rarely is that well-lod-
expression produced! Davey, the pho-
tographer, has perfected an idea,
whereby a medley constituting a se-
ries of poses and expressions may be
produced, thereby guaranteeing a like-
ness of the little sitter, dearly fami-
liar.
